

Date : 16 June, 2025

Dear Arssh

It is with pleasure that I welcome you to the TrialX Inc. Summer Learning Program. As a participant in our program you'll be exposed to highly practical experiences in which you will be applying your skills to real world challenges. You will benefit from working with our robust technology stack, which is composed of systems, platforms and tools that enable and optimize business processes for our life science sector clients.

In committing to the program you are expected to follow the schedule and meet the expectations defined below.

Terms of Summer Learning Program

Read through them carefully.

1. Program Schedule:

- Start date : 06/18/25
- End date : 08/14/25
- Requested leave: You are permitted only sick leave as approved by your Mentor.

2. Administrative Details:

- Candidates shall work remotely, 5 days per week and up to 2- 6 hours per day as determined by your Mentor.
- Compensation: This is an unpaid Summer Learning Program.
- Certification : You will be eligible to receive a certificate of completion once you successfully complete the project and present on the final demo day.

3. Scope of Activity:

- Attend all training sessions for understanding of basic fundamental concepts.
- Complete all learning tasks assigned.
- Work on a project with your Mentor and be prepared to present on final demo day.
- Contribute to planning and implementation of development tasks as assigned.

The TrialX Summer Learning program has become a sought after opportunity for up and coming engineers and your acceptance is a testament to your strengths as a candidate. Past program participants speak highly of their time with us, and remain part of a loyal alumni network. You will join their ranks upon completion of the program, and benefit from a growing list of professional contacts.

Please complete and sign the letter confirming that you have (a) read through the contents of this letter, (b) that you understand sections numbered 1-3 and (c) that you agree to all of the terms of participation in the learning program.

Please submit this signed letter by Friday, 16 June EOD, which will confirm us your participation in the Summer Learning Program.
